Market Responsiveness (Delivery Transformation)

Description

Productivity Improvement: Meet by achieving 2 quarters with 2.5% improvement. Exceed by achieving 3+ quarters with 2.5% improvement.
Reduce feature Time to Build: Meet by achieving 15%. Exceed by achieving 20% or better.
Reduce feature Time to Value: Meet by achieving 15%. Exceed by achieving 20% or better.

Comments

Shilpa works quickly to complete development and deliver value to the customer. When the HSC (ICUE) table was accidentally refreshed in full by Data Lake team, there was potential for significant impact to Pathway business as they do not expect us to provide them all historical records. Shilpa was able to find a source attribute that could be used to identify incremental records. The fix was made by her within 6 hours resolving the issue for business.

Data Solutions Skills Upgrade (Dev)

Description

Further professional development by identifying and taking courses to improve knowledge and skills:

1. Take training on SPARK and use the new skill
2. Take other courses of interest - for example: Data Science
3. Take Big Data training (101/102)

Business Goals

Comments

Shilpa has consistently increased her technology knowledge and taken training in Spark SQL, Scala, Hadoop, Pig, Python, to update her skillset with emerging technologies and implement in CCM.

TitleOSAM Maturity (Dev)

Goal Category: Fundamental Execution

12345N/A

Description

1. Complete Quarterly Agile Capability Assessment
2. Actively participate in sprint planning and backlog grooming activities
3. For assigned user stories, add and update tasks on a timely basis

Comments

Active participation in Agile ceremonies for Team Einstein

TitleEstablish Software Engineering Culture (Dev)

Goal Category: Fundamental Execution

12345N/A

Description

1. Establish and follow technology standards
2. Implement DevOps model
3. Adapt needed technology and process skills
4. Implement process improvements where possible
5. Professional communication to PM/SM and customer on status of deliverables or O&M activities

Comments

Shilpa has contributed to all aspects of the DevOps model:

1. Involved from incident triage to determination of root cause and resolution of issue.
2. Kept leads and all team members in the loop with communication on issue status.
3. Helps other team members with technical and non technical knowledge.
4. Implemented process improvements to keep production running smoothly.
5. Assessing new technologies for implementation on CCM/HC.

Title						1	2	3	4	5	N/A
Integrity Value: Act Ethically											
Description											
- Demonstrate Integrity - Comply with Applicable Laws, Regulations and Policies Trust is fundamental to our mission. We make honest commitments. We never compromise ethics. We must diligently work to ensure that integrity is at the core of everything we do. We speak the truth. We deliver on our promises and honor our commitments. We acknowledge mistakes and quickly address them. We are known for living up to the highest standards of ethical behavior and for complying with all applicable laws and regulations.

Compassion Value: Focus on Customers											
Description											
- Identify and Exceed Customer Expectations - Improve the Customer Experience As individuals and as an organization, we take an active interest in the lives of others. We consistently strive to walk in the shoes of those we serve, and of one another. We actively listen to fully understand and genuinely empathize with other perspectives. Our compassionate focus on customers shows that we understand and identify with their needs.											
Title						1	2	3	4	5	N/A
Relationship Value: Act as a Team Player											
Description											
- Collaborate with Others - Demonstrate Diversity Awareness - Learn and Develop Our mission requires trust throughout our global enterprise. We build that trust through collaboration when making decisions, taking action and finding solutions. We approach all people with respect, humility, confidence and energy. Because we depend on one another, we actively engage with each other to share information and ideas. We authentically confront issues and constructively resolve differences. We recognize that diversity and respect bring us together and make us more effective as individuals and team members.

Values Based Competencies (if applicable)

Relationship Value: Communicate Effectively

Description

- Speak and Write Clearly
- Listen Actively
- Influence Others

Because we work in highly diverse, complex, multi-functional teams, we're at our best when we build relationships in ways that create trust. As we engage with one another to build and maintain productive relationships, we need to continually share information, ideas and resources within and across teams. Regardless of the pace, intensity or urgency we may encounter in specific situations, we always communicate with respect and humility as well as confidence and energy. We confront issues, not people.

Innovation Value: Support Change and Innovation

Description

- Work Effectively in a Changing Environment
- Contribute Innovative Ideas

Our success within a dynamic and fast-paced marketplace depends on our ability to invent the future as we learn from the past. It requires an innovative mind-set that involves respectfully challenging the way things are done as well as having the curiosity and courage to develop new ideas. We are curious and not afraid to fail in honest efforts to focus on practical and purposeful innovation that builds value. We recognize the impact that innovation has beyond our products or services, and how it can enhance the way we conduct business. It helps create positive, practical change to best serve our mission of helping people lead healthier lives.

Performance Value: Make Fact Based Decisions

Description

- Use Sound Judgment
- Apply Business Knowledge

We are committed to deliver and demonstrate excellence in everything we do. We constantly strive for, and achieve, excellence in the decisions we make and the solutions we create. We are accountable for delivering high-quality results and making a difference. We constantly focus on cultivating and developing our business knowledge and judgment.

Performance Value: Deliver Quality Results						
Description						
- Drive for Results - Manage Time Effectively - Produce High-Quality Work We are accountable and responsible for consistently delivering high-quality results that have a positive impact on our business. We establish and achieve challenging objectives and goals. We constantly strive to improve our business outcomes in all key performance areas, and understand that clear direction, high self-awareness and constant feedback help foster exceptional performance. We consistently focus on demonstrating operational excellence, clear communication and effectively managing priorities to achieve business success.						

Values Based Competency Comments (if applicable)

Quality Results - Shilpa is one of the best developers I have met in terms of error free coding and code implementation. She has a good understanding of what it is that the business wants and importantly, she understands 'the why'. She has a deep understanding of the system and has the capacity to resolve issues very quickly. Shilpa always participates to explain and point out the scenarios in a process that is failing or in a process we are about to build. When the project didn't have any QA assistance, she took the concept of DevOps and agility to do detailed tests of the changes that were implemented. Her strength is her ability to grasp the business and understand the concepts rather than simply converting the requirements to code.

Team Player - Shilpa is compassionate and teaches/ trains her colleagues to get better at the work we are doing for CCM/ HC. She is always willing to help and mentor other team members.

Shilpa is well-liked and respected by her team Einstein team members and they feel she is an asset to the team. She has strong technical skills and learns very quickly, she has able to quickly learn the different data flow structures for each source for HouseCalls tenant. She has put in a lot of hours supporting CCM and Housecalls over the last year and she is critical to the support of the applications as well as development on them. Shilpa demonstrates an exceptional drive for knowledge on new technologies and tools. She has shown her value to the customer in converting their data needs into deliverables and ensuring things are running smoothly or being improved. We are lucky to have Shilpa on the team!
